**PETITION UNDER 37 C.F.R. 1.181(A) AND MPEP 711.03(C)(I)(A)
TO WITHDRAW HOLDING OF ABANDONMENT BASED ON
FAILURE TO RECEIVE OFFICE ACTION**

Sir:

On September 1, 2010 the undersigned received a telephone call from Examiner Douglas Duff informing us that a Response to the December 16, 2009 Notice of Non-Compliant Amendment (37 CFR 1.121) was not responded to. This December 16, 2009 Notice of Non-Compliant Amendment was not received by our office, and the undersigned was unaware that our Amendment electronically filed on November 17, 2009 was not in compliance, and this above-identified patent application is now considered abandoned.

Based on a search of our file jacket for this U.S. patent application and our docketing records, the undersigned states that the Notice of Non-Compliant Amendment (37 CFR 1.121) was not received soon after it was mailed to us on December 16, 2009.

The procedure of the undersigned office is for the mailroom clerks to deliver all correspondence received from the U.S. Patent and Trademark Office directly to the office of our Docketing Department. Our employee docket clerk docket appropriate date entries into our computerized docketing system. Thereafter, our office file along with the docketed Office Communication is delivered to the responsible attorney in this office.

For the showing required to establish non-receipt of the Notice of Non-Compliant Amendment (37 CFR 1.121), the undersigned attorney for the Applicant states that Office Communication, the Notice of Non-Compliant Amendment (37 CFR 1.121), was not received by this Office. I have before me our office file jacket for this United States patent application. I have looked into and searched the file jacket and did not find the Notice of Non-Compliant Amendment (37 CFR 1.121). The docket records of this office do not indicate that the Office Communication, the Notice of Non-Compliant Amendment (37 CFR 1.121), was received. Therefore, the docket records indicate that the Office Communication, the Notice of Non-Compliant Amendment (37 CFR 1.121), was not received. Had the Notice been received, our docket clerk would have made an entry to that effect.

The enclosed master docket report, pages 6-11, printed out from computer stored master docket records show all deadlines for all of our attorneys, for the period of December 16, 2009 through January 16, 2010. The latter date would have been entered as the final extended date, intermediate monthly extension dates would also have been entered by the docket clerk into our computer docketing program. These pages were printed on September 3, 2010. The "EM" at the top of each page indicates that this is the master docket report printout including all deadlines for all attorneys. Since the Notice of Non-Compliant Amendment (37 CFR 1.121) was issued on December 16, 2009 and had a one-month response due January 16, 2010 with a final deadline of January 16, 2010, it would have appeared as one of the items due January 16, 2010 with our File No. P/1228-214 and Serial No. 10/594,645, if it had been received. Since it does not appear, based on our regular usual docket entries made in the regular course of business of our docket department, I

conclude that the Notice of Non-Compliant Amendment (37 CFR 1.121) was not received in this office.

A copy of our docket record for this application is also attached. It is a print-out from our computerized docket program. The non-received Office Communication, the Notice of Non-Compliant Amendment (37 CFR 1.121), would have been entered a few days after its mailing date, that is, a few days after December 16, 2009 when it should have been received here. It would have been docketed for a response due January 16, 2010, the one-month term for such a Notice. This attached docket report shows no entry for the Notice of Non-Compliant Amendment (37 CFR 1.121) of December 16, 2009.

The Notice of Non-Compliant Amendment (37 CFR 1.121) required a Response. Enclosed is the Notice of Non-Compliant Amendment (37 CFR 1.121) and the Response to the Notice of Non-Compliant Amendment (37 CFR 1.121).

It is respectfully submitted that no Petition fee is due for the filing of this Petition, since the undersigned firm did not receive the December 16, 2009 Notice of Non-Compliant Amendment (37 CFR 1.121). Therefore, Applicant was unable to respond in a timely manner. However, if, despite the fact that the undersigned firm did not receive the Notice of Non-Compliant Amendment (37 CFR 1.121), the Office still deems it necessary that the undersigned firm pay a Petition fee, the Commissioner is hereby authorized to charge our Deposit Account No. 15-0700 in the amount of the fee for this Petition.

Applicant respectfully submits that this Petition and the filed attached documents should satisfy the requirements for this Petition.

In conclusion, Applicant requests withdrawal of a holding of abandonment on the ground that the Notice of Non-Compliant Amendment (37 CFR 1.121) was not received in the offices of the undersigned.

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.
